

# DeniFinder Partnership Kit

Smart Housing Connections for Lodges, Hotels, Hostels, Cottages & Room Owners

---

## About DeniFinder

**DeniFinder** is a smart digital platform that connects **renters, students, travelers, and relocators** with available housing across African cities. From full homes and student hostels to lodges and private rooms, we help users find real, available, and trusted places to stay faster and safer.

---

## Why Partner With Us?

### Reach Real Local Renters

Get discovered by **verified renters**, students, and families searching for affordable and trusted places to stay.

### Expand Your Visibility

Be listed on a platform built for **African renters and relocators**, many of whom don't use traditional hotel apps.

### Get Verified and Trusted

Show up as a **DeniFinder Verified Partner** a badge that renters trust for security and professionalism.

### Direct Contact, Real Leads

Receive direct inquiries via WhatsApp or in-app messages. No fake leads, no noisy Facebook spam.

### Feature in Advance Assist

Be included in our **Advance Assist** system that alerts renters to new listings before anyone else.

### **Optional Extras (Boost Plans)**

- Featured Listings (appear at the top)
- Homepage Visibility (sponsorship packages)
- Analytics (see who's viewing your property)

## **Purpose of the Partnership**

At **DeniFinder**, our goal is to create a **trusted, accessible, and smart housing ecosystem** for people across Africa, from students looking for hostels to families relocating or travelers needing a short stay.

The purpose of this partnership is to:

### **1. Expand Access to Safe and Verified Housing**

By partnering with reliable property owners — including hotels, lodges, hostels, and individuals renting out rooms — we offer our users more choices, more safety, and more transparency.

### **2. Support Local Businesses**

We aim to empower local accommodation providers by connecting them to a growing market of digital-first renters, travelers, and professionals who are actively searching for trusted places to stay.

### **3. Simplify the Housing Search Experience**

Through verified listings, smart filters, and features like **Advance Assist**, we help people book spaces that match their exact needs — saving time, stress, and money.

### **4. Build Long-Term, Mutually Beneficial Relationships**

Our partners get visibility, real traffic, and leads — while our users gain access to safe and well-maintained housing options. Everyone wins.
